Overall I think there was a lot of fun had at Camp Ransburg by troop 101! Many of us had fun in our merit badges learning new skills and meeting new people form other troops in our classes. Many campers achieved their Camper and Woodsman cards along with their merit badges. Also, congratulations to our fire crafter candidates for all of their effort. I know we all enjoyed the programs they put on for us, and hearing that they popped their sparks. I would like to thank all of the adult leaders who made this happen and I can't wait for another great year next year

Indiana Dunes!

On 7-27 we went on the Indiana Dunes Campout. We stayed at Indiana Dunes State Park in Youth Camp 1. At night there were lots of raccoons so we had to make sure not to leave out any food. On Saturday we woke up at seven and ate breakfast. After we ate then we hiked to the nature center. From there we went to a creek with a nature guide and looked for different types of micro invertebrates to test the water quality. We found fish, water skimmers, scuds, and we saw a Blue Heron. We got back from the river and then we ate lunch. After we had lunch then we hiked to the dunes and the beach. In the 4 hours that we were there we climbed up dunes and swam in Lake Michigan. We could see Chicago on the other side of the lake. We left the lake around 5 some people rode in cars while the rest walked. Once we got back we had dinner and a campfire with s'mores. On Sunday morning we packed up camp, ate breakfast, and then left to go to Home Depot where we were picked up and went home on 7-29.

Quartermaster's Monthly Tip

When packing for camp outs, make complete sets of cloths. (Shirt, socks, pants or shorts and under garments). Roll your cloths up and put in large zip lock bags. This saves space and keeps your clothes clean and dry.
